REACH Statement

The European Union (EU) has adopted regulation no.1907/2006, also known as the REACH (Registration, Evaluation and Authorization of Chemicals) regulation, which became effective on 1st June 2007.

Toby Electronics Ltd has contacted all of our suppliers and to the best of our knowledge and belief none of the articles that we sell intentionally contain any of the 53 Substances of Very High Concern (SVHC's) currently on the candidate list in concentrations of >0.1% by weight.

The list of substances can be found at:

http://echa.europa.eu/chem_data/authorisation_process/candidate_list_table_en.asp

Registration is required for companies that either produce or import into the EU any substance in volumes that exceed one tonne per substance. Toby Electronics Ltd does not exceed this import amount, and will therefore not be required to register.

If you have any specific concerns regarding the composition of a particular part / parts, please do not hesitate to contact me and I will forward your concerns on to the relevant manufacturer(s) for their response.

Regards,

Reg Crump
Operations Manager
